

BSC's Progress Guarantee – our pledge to your success

At BSC we are 100% committed to your success. Over several years we monitored and tracked the progress of our students and then conducted some in-depth analysis of the data. This means we are confident we know what it takes to improve and reach the level you are capable of. Our teaching methods and co-curricular activities are designed to help you reach your goals, so if you commit to following your personal learning plan and the actions outline below, we will guarantee that your English level will improve in the specified timescale.

What we will do:

- Pre arrival placement test, with further checks on arrival
- Create a Personal Learning Plan (PLP) with you
- Provide weekly progress tests to consolidate learning
- Give you a one-to-one tutorial every 4 weeks to review and update your PLP
- Put on a varied and focused calendar of workshops and social activities

What you will do:

- **Action 1: Attendance** – to learn and improve, you need to be in class. To guarantee your progress you must attend a minimum of 95% of your lessons.
- **Action 2: Participation** – by actively participating in all class activities, and regularly joining our communication workshops and social programmes, you will put your language into practice and definitely improve. We ask you to maintain a score of 9/10 for class participation and join at least one workshop and social activity a week.
- **Action 3: Demonstration** – show us what you can do, and see your progress for yourself! Weekly updates of your digital portfolio, and completion of all homework tasks will guarantee your improvement.

If you undertake the above actions, and your English does not improve accordingly*, we will offer you 4 weeks of free tuition, plus a two-hour one to one academic coaching session in order to maximise your progress further.

*attainment concerns must be raised with the Director of Studies at least 2 weeks prior to departure
